## Whole School Music Glossary: The Interrelated Dimensions of Music

**Pulse** - the regular heartbeat of the music; its steady beat.

**Rhythm** - long and short sounds or patterns that happen over the pulse.

**Pitch** - high and low sounds.

**Tempo** - the speed of the music; fast or slow or in-between.

**Dynamics** - how loud or quiet the music is.

**Timbre** - all instruments, including voices, have a certain sound quality e.g. the trumpet has a very different sound quality to the violin.

**Texture** - layers of sound. Layers of sound working together make music very interesting to listen to.

**Structure** - every piece of music has a structure e.g. an introduction, verse and chorus ending.

## EYFS

We consider music to be an integral part of the EYFS curriculum, as music, movement and singing not only ignite emotional, creative and expressive learning in children, but also benefit children's speech, language and understanding. Music and singing is an overarching part of our daily practice and is taught across the curriculum with songs that relate to topics, counting, routines and more.
