Education Support for PE (School-Based) Equipment Equipment Equipment Equipment Curriculum Resources After school Clubs (including lunch time) Inch time) Nursery Nursery Nursery Support Support Education One of our permanently employed TA's provides support in the delivery of PE on afternoons. This includes using and setting up equipment, supporting with planning, organising events, working in connection with the PE coordinator and delivering lessons. It also includes time spent delivering activities over lunch time including clubs. Additional resources for focused activities and basic resources to improve a wide range of activities including trolleys, mats and repairs of existing resources. Learning resources to support the better provision of PE in school. E25 Suspendent Multi-Skills Rec, Y1 & 2; Street Dance Y1-6; Archery replaced by fencing in KS1&2 replaced with; Lunch Time Clubs run by Premier Sports including The Golden Mile; Curling and Boccia Y1-3; Football KS2; Yoga and Boxing. Nursery Free nursery swimming lesson offered to nursery children in second half of summer term. Many of the children attending have never been to the pool before. Outdoor Education This is a significant spend which in previous years we have used our Pupil Premium money for. Such has been the success that we opened up the project to Y1 and Y2 and are looking at ways to engage KS2.

Summary Statement

In the previous years we have invested a lot of Sports Premium money in Continuing Professional Development for all our staff in partnership with Burnside Technology College, focusing on early progression for KS1 children and stretching the more able in KS2. We have invested in resources and schemes of work to support best practice. It is our continued focus on CPD for staff at Richardson Dees and our school ethos that children should be given the opportunity to experience and enjoy a wide range of

activities as is evidenced by our strong commitment to after-school sports provision that ultimately provides sustainability to our endeavours.

At Richardson Dees, children attend clubs in their own time, often inspired by the extra-curricular provision they have enjoyed through school. For example, we have some children who attend or have attended basketball training with Tyne Met Tigers; other pupils have taken part in local swimming galas such as at Hadrian Leisure Centre; some of our children attend football and rugby training sessions that are ran locally.

In previous years our Sports Premium funding spending has included:

- Val Sabin PE Scheme of Work for staff delivering PE.
- Basketball Programme for 20 x Years 1-3: Little Dribblers
- 28 x Y5 basketball coaching ending in a tournament.
- 11 x KS1 Afterschool coaching for KS1
- Work with the Burnside Partnership including: Continuing Professional Development for staff which
 included KS1 focus on progression in PE and KS2 focus on stretching the more able; Festival
 programme for dance, gymnastics and athletics.
- Swimming sessions for Years 3 and 4; Booster sessions for Year 6
- 20 x Y5/6 children received cricket coaching
- Literacy with football project for 11 x Reception children which linked early game skills with storytelling.
- Football Family Learning: 15 x School pupils attended a weekly workshop where they learned about healthy living and participated in fun games. Those children attending all the sessions received Newcastle United match tickets at the end.
- 24 x KS2 children participated in a pupil only course around healthy living. Again, those children attending all the sessions received Newcastle United match tickets at the end.
