### A Message Regarding Children's Online Safety In Partnership With Northumbria Police

Our children and young people are sadly vulnerable to being drawn into concerning activity of various descriptions through their online activity. The premature closure of our schools due to Covid-19 will create opportunities for those people around the world who would seek to prey upon the vulnerable. We can expect the use of the internet by children to vastly increase and remain at that level for an extended period.

Please remember to carefully monitor your child's online activity always, even more so at this anxious period. Help protect as many of our young people as possible from the threat of terrorism, radicalisation (and other forms of grooming).

# PREVENT

Who's educating your child online  
while the schools are closed?

Please keep a check on their online  
activity.
