- Recycling plant

Summer 2019 Year: 6

If you could change one thing in the world, what would it be?

Mathematics including Arithmetic

SATS revision

Properties of shape

Draw 2-D shapes using given dimensions and angles. Compare and classify geometric shapes based on their properties and sizes and find unknown angles in any triangles, quadrilaterals and regular polygons. Recognise angles where they meet at a point, are on a straight line, or are vertically opposite, and find missing angles.

Statistics

Illustrate and name parts of circles, including radius, diameter and circumference and know that the diameter is twice the radius. Interpret and construct pie charts and line graphs and use these to solve problems. Calculate the mean as an average.

Problems and puzzles

Science

Living things and their habitats

- Describe how living things are classified into broad groups according to common observable characteristics
- And based on similarities and differences, including micro-organisms, animals and plants
