

Food, with care

This year has been tough... pulling together and supporting each other has never been more important so we want to share, give and show community spirit in and around North Shields...

We are providing **FREE HOME COOKED MEALS** that will cover Christmas, even through to Boxing day - all you will need is an oven or microwave to heat them up.

Feel free to register your interest with your local church, community centre or charity and we can arrange to have them dropped for collection, or you can reach out directly to have them delivered to your front door.

If you have children then please make us aware, so we can also add some wrapped gifts with your order to be opened on Christmas Day.
