

English including Grammar

Children will listen to contemporary fiction, stories which may reflect their own experiences. Children will listen to and write poems which build vocabulary and that have a structure of rhyming couplets. Children will also explore non-fiction, including writing a report and writing and following instructions. Children will take part in a phonics scheme called Read Write Inc. to improve their knowledge of sounds for reading and writing. Children will continue to learn to leave spaces between words, punctuate sentences using a capital letter and a full stop, question mark or exclamation mark. Using a capital letter for names of people, places, the days of the week, and the personal pronoun 'I' Spell and read the age appropriate common exception words.

Science

Animals

Children will be learning to identify a variety of common animals including fish, amphibians, reptiles, birds and mammals. Children will learn about carnivores, herbivores and omnivores. Children will learn to describe and compare a variety of common animals. We will also explore animal habitats.

Children will be taught to think scientifically. Experiments and investigations which require the children to predict, explore and conclude will be conducted frequently.

ICT and Computing

Children are continuing to look at algorithms and also how they can use apps within their school work.

Year 1 Bears

Spring 1

Where can a book take me?

PE

The children will be continuing to develop their coordination through athletics.

Art & DT

Children are drawing, painting and making sculptures to develop their imagination.

Music
