Dear Parents / Carers

As part of our Science topic this half term, we will be learning about teeth, and how to keep them healthy.

Next week (Tuesday 27th), we will give the children a chance to try a 'plaque disclosing tablet'. These are readily available from supermarkets and will show children areas that they need to brush more. It will temporarily colour their teeth and tongue, and this can be easily washed/brushed away afterwards.

If you would NOT like your child to take part in this activity, or if they have any allergies, please can you inform staff via the school gate or the school office. This is simply an opportunity to enhance their learning and is optional.

Kind Regards
Miss Nicholson
